Pure magic, elegance, calm, light... I could spend all day describing this little apartment; it truly has everything!

It has captivated me so much that I'm sure it will make you imagine your life here even before crossing the door.

This is one of those homes that make you fall in love with your everyday life.

A real sixth floor, freshly renovated to a level bordering high-end luxury, where every corner is designed for beautiful living.

It offers 305 m² built, with 261 m² of living space, 35 m² of terraces that rebuild your world, and 9 m² of storage space for everything you don't want to see but don't want to throw away either.

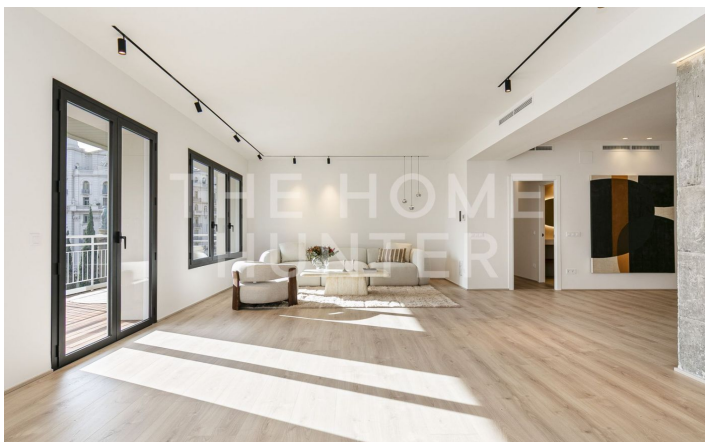

The jewel of the apartment is a 90 m² living-dining room, a stunning, super bright space with direct access to a terrace where life flows effortlessly. The open kitchen with an island is one of those that make you want to cook even if you don't enjoy it. It's fully equipped, beautiful, and connects to the heart of the home. It also has a coffee area and a wine corner, because priorities must be clear.

It has 4 double bedrooms, two of them en suite. The main one is a full suite, with an impressive walk-in closet and access to a private terrace that feels like pure privilege. And to top it off, the apartment also has 4 full bathrooms, all immaculate.

Not only is it full of charm, but it also includes every comfort: pantry, independent laundry room, stora...
