El Raval / Barcelona

€580,000

In this modernist apartment, I only saw advantages. It's on a pedestrian street—very quiet and full of charm. It's super close to Plaça Catalunya and Las Ramblas, everything has been renovated, and it has those impressive high ceilings and mosaic floors that I absolutely love. Have I convinced you already?

This 101?m<sup>2</sup> apartment is a first-floor unit that was completely renovated three years ago. It features a spacious living room with a large window/balcony, an open and fully equipped kitchen, a separate dining room (which can be converted into a double bedroom), two double bedrooms, a walk-in closet, two full bathrooms (one en suite), a guest toilet, and a laundry room. It includes Climalit double-glazed windows, electric heating, a water filtration system, and it faces east-west. The building, dating back to 1910, has an elevator.
