Wow! That was my reaction when I saw this apartment — it's absolutely stunning. I'm fascinated by old floors, each one different in every room, perfectly combined with the walls. I'd love to photograph every detail to show you everything, because every corner is so warm and beautiful. This place gives off such a lovely feeling.

This apartment is on the second floor and measures 205 m². It has a living-dining room, a semi-open kitchen, laundry room, two very large double bedrooms (with the option to create four large doubles), two full bathrooms, and balconies. It also features double-glazed windows and ducted hot/cold air conditioning. The building dates back to 1910 and does not have an elevator.
