El Raval / Barcelona

€498,000

When I see apartments like this, the saying that “the difference is in the little details” really makes sense. A few colorful tiles, warm lighting, some beautiful furniture... everything can transform a home. Although, if I’m honest, my favorite detail is those two wonderful terraces.

This is a penthouse of 63 m² total (50 m² of living space plus two terraces, one at floor level and another on the rooftop for private use), located on the sixth floor. The property features a spacious living-dining room with access to the terrace and city views, an open-plan equipped kitchen, one en-suite bedroom with a full bathroom and built-in wardrobes. It also comes with double-glazed Climalit windows and hot/cold air conditioning. The building, constructed in 1900, retains all its charm.
