

Jaume Piquet / Sarrià

Sarrià / Barcelona

€1,950,000

How fantastic it is to show you houses as cool as this one, where art literally becomes real life. And the best part is that, with all its color and originality, it's still a space designed to live in. Natural light, large spaces, and even a patio and a terrace. I could spend hours just looking at it.

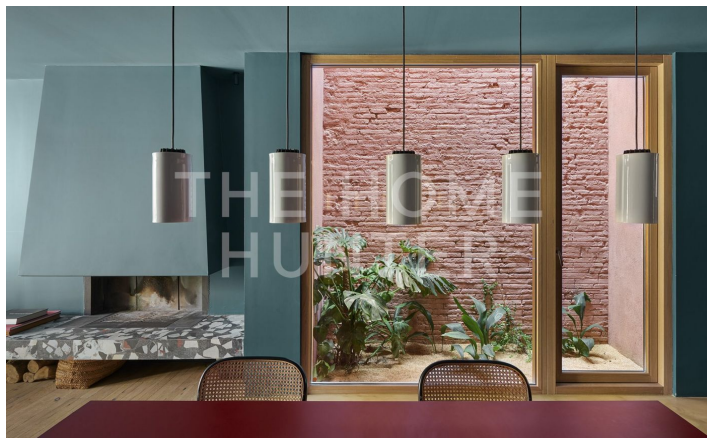

This house, divided into two floors, has 227m² in total, of which 190m² are the apartment, 60m² are the patio, and 15m² are the terrace. On the ground floor, we find one bedroom, a full bathroom, an open and equipped kitchen, a living-dining room with access to the garden, and a fireplace. On the first floor, there are three bedrooms, two full bathrooms, and a terrace. It has built-in wardrobes and two parking spaces included. The building is from 1936, but it was fully renovated in 2021, giving it that personality and beauty.

You'll love it!
