This house has endless possibilities—it's a full renovation project, ready to be transformed to suit your personal taste. For many years, it has been a witness to family stories, children growing up, and beautiful memories... and now it deserves a new life, new chapters where this home becomes the main character. There are three plots, so it's possible to build two more houses or enjoy a single home with a large garden and swimming pool. So many options, and all of them great.

This detached house in need of renovation has 463 m² of built space. It spans four floors, has nine bedrooms, six bathrooms, and sits on a 994 m² plot. The property is composed of three separate registered plots (measuring 340 m², 276 m², and 378 m² respectively). Two semi-detached houses can be built on the two free plots, while the main house can be restored on the third. Another option is to preserve the current house and enjoy the pool and a large garden with views. There are terraces and balconies, a pool, garden, parking, and storage room. The house offers wonderful views of Dehesa de la Villa. It was built in 1960.
