Justicia / Madrid

€2,400,000

I love the contrast between the buildings that have so much history with the renovated designer apartments. They are two different worlds that come together to create apartments like this, with incredible finishes and more than enough space to enjoy.

This brand new designer apartment has a constructed area of 179m² (166m² of housing and 13m² of common areas). It has two double bedrooms, one of them with a dressing room and an en-suite bathroom, two bathrooms, built-in wardrobes, a living-dining room and a semi-open and equipped kitchen. It has heating and air conditioning and the building, from 1900, has a concierge and elevator.

You will love it!
